

SLOGmembership report 2025

As of 20th July the number of memberships is 291, made up of 493 members. This is a small increase of 12 memberships and 14 members since the last AGM. Our membership remains steady at just under 500 members. 19 members have expired and 20 were cancelled in the last year, while 53 have joined. Most memberships were cancelled because of house moves.

The majority of our members live in Cumbria but we also have members in Lancashire, Yorkshire, Derbyshire, Gloucestershire, Oxfordshire, Buckinghamshire, Surrey and even Kent.

The majority of our members hold household membership (343); 109 are individual members and the rest belong through group memberships.

Most members pay by Standing Order and this is much appreciated. Increasingly members are setting up Standing Orders themselves via online banking. As always a plea for members using Bank transfers to use their full name as a reference and preferably their membership number so that payments can be assigned correctly.
